LIFE INSURANCE.

THE KNICKERBOCKER

MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK.

Southern Branch, SAVANNAH, Ga.,

A. WILBUR, *Manager.*
R. D. ARNOLD, *Consulting Physician.*

THE ONLY BRANCH OFFICE OF LIFE INSURANCE IN THIS SECTION WHERE POLICIES ARE ISSUED AND LOSSES PAID.

ASSETS NEARLY

$5,000,000.

ANNUAL INCOME NEARLY

$3,000,000.

Annual Dividends nearly 50 per cent.

$73,500 LOSSES PAID BY THE SOUTHERN BRANCH IN TWO YEARS.

THE KNICKERBOCKER IS AN OLD, RELIable Company, and offers as great inducements to insurers as any solvent Company can. Issues Policies on every desirable plan. Loans one-third of Premium to Policy-Holder.

All Policies non-forfeitable, as the insured can at any time, on demand, get its surrender value.

NO RESTRICTIONS ON RESIDENCE OR TRAVEL.

NO EXTRA CHARGE for OFFICERS of the ARMY or NAVY, Officers of first-class Steam or Sail Vessels, or Railroad Conductors, &c.

The "KNICKERBOCKER" is ONE of the TWO Northern Companies whose Policies in the South were kept intact during the entire Rebellion, whose Dividends were accredited to Policy Holders as though Premiums were paid.

And is THE Company that paid all losses after the war, that occurred during the war, thus proving its integrity, the honorable method of conducting its business, and its indisputable solvency.

The KNICKERBOCKER still pays all losses, never disputes a just claim, and is as liberal and SAFE as any Company in America.

General Agent for N. C.,

Importance of Life Insurance.

Read another forcible illustration of how the CONNECTICUT MUTUAL LIFE INSURANCE COMPANY pays its losses:—

"Received, at Raleigh, N. C., Jan 29th, 1869, of R. D. Wait, General Agent of the Conn. Mutual Life Ins. Co., two thousand five hundred and forty-five dollars, in full payment of Policy No. 84,031, and dividend on the life of my late husband, ——, and I hereby surrender all my right, title and interest in the same to said Company.

(Signed) ——— ———, of Newbern, N. C."

We refrain from publishing the names of the parties, because we do not think it advisable to publish one's private business, but will state, although the party had not been insured quite five months, yet received a 50 per cent. dividend of $45 on the premium paid. The dividends of this Company have been larger than those of any other, averaging over 50 per cent. annually, from the beginning, and the present dividend (Feb 1st, 1869,) exceeds the average. On this *twenty-fifth* annual dividend the Directors have, besides declaring a 45 per cent. dividend upon the premium paid, declared a per centage dividend on the surplus reserve arising from interest, which increases the policy holder's dividend annually, and on some policies pays over 70 per cent. this year. They have also adopted a *reduced all-cash premium table*, with immediate annual dividends.

This company is purely mutual; there are no *Stockholders* to absorb its earnings. It offers abundant security in a large accumulated fund of over TWENTY-THREE MILLIONS DOLLARS, derived alone from its business, and has $154 assets, securely invested for every $100 of its liabilities. Its plans of business comprise all the desirable forms of insurance.

LIFE INSURANCE.

ÆTNA

LIFE INSURANCE COMPANY,

Hon. E. A. BULKELEY, President,
AUSTIN DUNHAM, Vice "
T. O. ENDERS, Secretary.
H. W. ST JOHN, Actuary.

SUMMARY OF BUSINESS FOR 1867

Total Assets, over	$10,000,000
Polices Insured in '67,	15,251
Am'nt Insured, nearly	$15,000,000
Policies Average "	3,000
Receipts for 1867,	5,129,447
Surplus for Dividends,	2,000,000

Dividend Fifty per cent.

Receipts for Interest Nearly Paid Its Losses.

It has $130 Assets for every $100 Liabilities.

Its premium receipts at the present time are nearly HALF A MILLION DOLLARS per month and are rapidly increasing.

The growth of the ÆTNA has never been equaled by any other Company whatsoever, in Europe or America.

Particular attention is called to the fact that while its business is increasing unprecedentedly, its ratio of expenses is comparatively small.

ECONOMY of management, CARE in the selection of risks, *promptness* in the payment of death claims, and *security* in the investment of its immense Trust Funds, are rigidly adhered to, and have ever characterized this Company.

The ÆTNA issues all the favorite kinds of Polices at the most favorable rates.

The ÆTNA issued last year more Endowment Insurances than any other Company.

The ÆTNA'S ratio of expenses, or cost of new business is less than any other Company whatsoever, and less than *two-thirds* of the average.

The ÆTNA is as liberal in permits to travel, in all parts of the world, as a sound discretion will warrant, and is much more liberal than any other prominent Company.

ANNUAL INCOME over $6,000,000.

The only Company that has the Low Participating Non-forfeitable Term Insurance with privilege of renewal. Ex. of rate at age 30 $14 67, which is nearly 40 per cent. lower than any other leading Company. Also

Non-forfeiting cash rates with dividends on contribution plan and payable at the end of the first year.

Description of Policies.

First—Whole Life Policies.

Second—Endowment Policies, for terms of ten fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term, or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the rates published herewith, will participate in the surplus from the date of issue,

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made the dividends will be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid, in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON-FORFEITURE RULES.

No whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payment as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends, then accumulated, will purchase, taken as a single net premium, upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country.

BROOKLYN LIFE INSURANCE COMPANY,

141 Broadway, N. Y.

ASSETS OVER

$1,000,000!

CHRISTIAN W. BOUCK, ... *President.*
ABRAM D. POLHEMUS, ... *Vice Presidents.*
WILLIAM H. COLE, ... *Secretary.*
D. P. FACKLER, ... *Consulting Actuary.*
DANIEL AYRES, M. D. LL.D., *Med. Examiner.*

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued, should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evince the determination of the officers to make it the most LIBERAL Life Insurance Company in the United States, are:

1st. TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d. A LOAN of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their insured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Cost Instead Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Promptitude in paying losses.

7th. No charge for policy or stamps.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, MARCH 3, 1869.

DEN OF THIEVES.

It would be rather a strong expression to call our Capitol a den of thieves, because there are in it honest gentlemen of both parties, as well as both colors. Yet, the proceedings of Monday will justify the harshest judgment and the strongest condemnation.

The Superintendent of Public Instruction, Pilgrim Ashley, with his associates, is said to have negotiated with carpet-bag Bibles, of little Washington, to sell him 90,000 acres of land in Hyde County, which is owned by the State. The Senator from that County, Mr. Respass, a few days ago, offered, and had passed through the Senate, a bill that the lands of the State belonging to the Literary Board should not be sold by that Board unless the sale was first submitted to, and approved by, the General Assembly.

On Saturday, Mr. Bibles made his appearance in the city, bringing maps and charts of his new purchase in Hyde. Ninety thousand acres for thirty thousand dollars. It is said he had already contracted with parties in New York, or elsewhere, to take the 90,000 acres at $90,000.

Captain Jarvis, in the House, moved a suspension of the rules to put the bill of Mr. Respass, of the Senate, upon its three several readings, and here began the fight, which lasted all day. Holden, and the whole legislation of the State, is under carpet-bag influence, and much of it is drunken, thievish influence. Yes, thievish is the word.

This was regarded as a real carpet-bag and native fight. Carpet-bag Menninger, the Secretary of State, whose parlor carpet is so near like the carpet in his office at the Capitol, that some say it is off of the same piece—declares it was a complete Democratic victory. Bibles himself was on the floor of the House, urging members to vote against the bill. Carpet bag Laflin said, the Constitution gave the Governor, Treasurer, Secretary of State and a Board of Education, power to act in this matter, and it was not becoming to say we had no confidence in them.

Motions were made to print, and make it the special order for next week. After fighting the bill in every possible parliamentary way, by raising points of order, by moving to refer, and motions to adjourn, the bill passes its first and second reading. When it comes to the vote on the third reading, carpet baggers, a negro or two, and a few natives, leave their seats and retire to the lobby, refusing to answer to their names, thinking no quorum would vote, and the bill would be lost for want of a quorum to vote upon it.

The door of the Hall was ordered to be closed, that the seceders might not be able to run out; yet, some we hear, did escape, entirely. Carpet bag Seymour, of Craven, and others, took refuge in the Clerk's room (where the Doorkeeper and the Engrossing Clerk once fought.) Notice is given to the absconding members, that they must vote. At this announcement, the door being closed, and no chance for escape, the fugitives surrendered, when they came sneaking out of the lobby into their seats. Many of them blushed, though, the blush was not perceptable in the faces of Laflin and Cuffy Mayo. Not that these two gentlemen could not feel for the shame which their conduct had brought upon themselves, for Cuffy must have felt as mean as the General, and the General must have felt as mean as Cuffy, and each must have felt as mean as any negro in the House—and the two, as mean as any two negroes of the House. But Cuffy's hair never stands on an end when he is frightened; his face never changes its ebony black, when he blushes.

General Laflin, of New York, had been travelling—he had been to Vermont and Washington City, where he saw Littlefield, the *Standard* man. Such visits give this illustrious General so much red in the face, that blushing can't change his color; so, neither blushed, to a change of color.

When our beloved Governor heard of it, he never blushed, though Laflin is his bosom friend, and State proxy. Nothing makes Holden blush but the name of Lincoln and assassination.

The bill passed its third reading, and is now the law of the land, notwithstanding the carpet-bag effort to defeat it.

If the land has been sold at 30,000 dollars, and by the State, and the purchaser has, before he gets the title deeds, negotiated to sell for 90,000 dollars, as stated on the floor of the House, then we have no hesitation in saying it is a Penitentiary Swindle, and we care not who is engaged in it.

Governor Holden cannot escape the censure and suspicion which must attach to him in all these swindles and frauds.

He approved of the Penitentiary fraud and swindle. He knew, when he issued the warrant to pay 100,000 dollars, for 8,000 acres of poor land for a Penitentiary, that the land was wholly unnecessary as an appendage to a Penitentiary, especially when it was 12 miles from the Penitentiary site.

If any Governor of New York would approve two such transactions, he would be set down in Wall Street as a fool, or a sharper, who had partaken of the profits.

Now, for the Governor, and a few carpet-baggers to sell land for 30,000 dollars, which can be sold for 90,000, before the State passes the title to the first purchaser, is too like the Penitentiary purchase to be counted honest.

Legislature of North Carolina.

According to adjournment, the House was called to order at half past seven o'clock.

On motion of Mr. Malone, the rules were suspended, and the bill to authorize the several counties of the State to take stock in Railroad Companies, was taken up.

The Clerk read the bill.

The yeas and nays were called upon the bill on its third reading and resulted in a vote of yeas 45, nays 13, (no quorum.)

On motion of Mr. Malone, a call of the House was had and 72 members were ascertained to be present.

The bill just under consideration then passed its final reading by a vote of yeas 48, nays 14.

By J. S. Leary, colored: A bill to authorize the Commissioners of Cumberland to levy a special tax. Lies over.

By Mr. Renfrow: A bill to incorporate the town of Littleton. Referred.

By Mr. Green: A bill to authorize the Commissioners of Stanly county, to levy a special tax. Lies over.

On motion of Mr. Green, the rules were suspended, and the bill to remove obstructions to passage of fish up the Peedee and Yadkin Rivers, was taken up and passed its several readings.

On motion of Mr. Moore, of Chowan, the rules were suspended, and the bill to lay off the Homestead and personal property exemption, was taken up and discussed during the remainder of the session.

[Bill will be published in full when perfected.]

On motion, the House adjourned until to-morrow morning at 10 o'clock.

SENATE.

Owing to the indisposition of the reporter we have no Senate report to-day. We learn however, there was not much business of an interesting nature transacted. The school bill occupied nearly the whole session, in discussion, without arriving at anything definite.

It is understood, however, that Senator Wynne, made a warm speech in reference to the Secretary of State, which resulted in the appointment of a Committee to investigate the affairs of that office.

HOUSE OF REPRESENTATIVES.

TUESDAY, March 2, 1869.

House called to order at the usual hour.

Prayer by the Rev. Mr. Pritchard, of the Baptist Church, of the City.

Journal of yesterday read and approved.

Mr. Gibson presented a petition from the citizens of Cabarrus County. Referred.

J. S. Leary, colored, from the Committee on Corporations, reported favorably upon several bills, which were placed upon the Calendar, and will be noticed when they come up regularly.

RESOLUTIONS.

By Mr. Simonds: A resolution in favor of G. W. and R. K. Dickey, of Cherokee county. Referred.

Mr. Ames gave notice that he would shortly introduce a bill to incorporate the town of La Grange.

By Mr. Morrill: A bill to prevent the depletion of breeds of feathered game.

By Mr. Grier: A bill to enable R. A. Brazell to build a bridge across the Catawba River.

On motion of Mr. Malone, the rules were suspended and the bill to authorize the Public Treasurer to supply temporary deficiencies in the Treasury, was taken up.—[This bill allows the Treasurer to borrow money to meet the interest due Jan. 1st, 1869, and April 1st, 1869, at rates not exceeding 8 per cent., pledging as collateral for the payment of the same, the monies received from the tax list of 1869.

The yeas and nays being ordered the bill passed its second reading by a vote of yeas 64, nays 16.

By Mr. Barnett: A bill supplimentary to the bill incorporating the Green Swamp Company. Bill placed upon Calendar.

Mr. Seymour, from the Committee on the Judiciary, reported favorably (with amendment) upon the bill concerning the settlement of the estates of deceased persons.

On motion of Mr. S., the rules were suspended and the bill just reported upon was taken up, passed its second reading, ordered to be printed and made special order for Wednesday at 11 o'clock.

J. S. Leary, colored, from the Committee on Corporations, reported favorably (with amendment, upon the bill incorporating the town of Durham, in Orange county.—The bill was placed upon the calendar.

On motion of Mr. Barnett, the rules were suspended and the bill to enable the Chatham Railroad Company to complete its Road, was taken up.

Pending the discussion upon the bill the special order was announced, to-wit:

The bill laying off the homestead and personal property exemption.

The question recurred upon an amendment, offered by Mr. Welch, to the 16th section which was adopted.

The discussion on the bill consumed the remainder of the time, and pending the adoption of an amendment offered by Mr. Pou, to be known as sections 27 and 28, the further consideration of the bill was postponed until 7½ o'clock this evening.

Mr. Hinnant, from the Committee on Enrolment, reported the following bills as being correctly enrolled, to-wit:

Bill to incorporate the Littleton Manufacturing Company.

Bill to authorize elections in certain towns in the State.

Bill to prevent the felling of trees in the waters of Mitchell River, Surry county, and the throwing of other obstructions therein.

Bill to be entitled an act to incorporate the New Hanover Agricultural Society.

Bill to enable the city of Raleigh to borrow money for certain purposes.

A message was received from the Governor, transmitting the report of W. C. Kerr, State Geologist. Ordered to be printed.

On motion the House then adjourned.

NOTE.—Messrs. Allison and Grier should have been reported as voting in the affirmative in the ballot taken yesterday, upon the bill to prevent a sale of State land without consent of the General Assembly.

The House of Representatives passed a bill, by a vote of 119 to 61, enacting that the Public Debt of the United States is payable and will be paid in gold or its equivalent, and, second, that contracts henceforth made payable in coin shall be duly enforced by law.

DEATH OF DAVID F. VALENTINE.—*New York, Feb. 25.*—David F. Valentine, for more than forty-five years clerk of the New York Board of Aldermen, died this evening of disease of the heart.

DEATH OF A CLERGYMAN.—*Binghampton, N. Y., February 25.*—The Rev. Charles H. Platt, died here to-day. He was rector of Christ Church in this City, and Chaplain of the Grand Lodge of Free Masons of the State of New York.

THE CASE OF JOHN C. BRAINE.

It is stated that a petition for the pardon of John C. Braine, signed by Gen. Fremont, Senators Abbott, Pool, Rice, and others, have been presented to the President. Mr. Braine seems to have been treated with unusual severity. There is every reason to believe that he was an officer regularly commissioned by the Confederates, and as no act of cruelty and other violation of the laws of war are laid at his door, is is hard to see why he should be doomed to this long and rigorous confinement, when all his comrades have been free for years. We saw the other day an account by which it appeared that his sufferings from confinement had been very great, and his health utterly ruined. We know of no reason why he should not be set at liberty at once, and, on the contrary, we are quite sure that all such cases as this tend greatly to keep alive the exasperations caused by the war, and thus to promote continued estrangement. The President would do well to take this case into his own hands.—*Nat. Intel.*

REPRESENTATION FOR THE SOUTH.—Among the *on dits* of the day is, that the South, once an honored portion of the Union, is to have *one* position in General Grant's Cabinet, and that this is to be conferred on some one who is a bitter, malignant hater of the great body of the Southern people; and *thus* the South is to be represented. Surely this is a more grievous insult and mockery than the "representation," so-called, by carpet-baggers in Congress. Until the Southern people can receive a representation of their own choice in the national Government—until the day comes that ten millions of Americ an people can be put on a different footing from Poland—it would be well, we think, to forego this wretched sham and imposture. Let us have none of it. Better to own the truth at once, and announce boldly that the American doctrine of free and representative government is not intended to apply to the South. That will, indeed, be tyranny, but no worse than what we have, and it will at least have this merit—that it avoids deliberate and shameless falsehood. —*Nat. Intel.*

GENERAL JAIL DELIVEREY.

On Sunday morning last, all the prisoners confined in our county jail, with the exception of one negro, escaped from durance and are now at liberty. From what we can learn of the affair, it appears that there were six prisoners, three white men and three negroes, confined in the "cage," in the third story of the jail building. By some means, not yet satisfactorily ascertained, they managed to pick the lock of the cage, and thus gained the corridor, which was along the south wall of the building. Through this wall a hole was made, large enough to permit the egress of one man at a time. The parties then knotted their blankets together securely, making a "rope" reaching nearly to the ground outside, and by which they all safely descended. The names of the white men were Col. Jas. A. Keith, "Tip" Walker, and D. L. Presley; those of the negroes have escaped our recollection. The case of Col. Keith is well known to our people. Walker was held for stabbing Nichols, at Marshall, and had been removed hither because the jail at that place was considered insecure, and Presley was confined for the killing of Stroup.—*Asheville News.*

ANOTHER MURDER IN WILKES.—We regret to learn that Wilkes County has been the scene of another bloody tragedy. We learn that on last Saturday evening, two men by the name of —— Steelman and Levi Lynch were at the house of N. Sprinkle, twelve miles east of Wilkesboro', drinking, when a quarrel arose between the two former. They were ordered out of the house by Sprinkle, and had proceeded a short distance when Steelman drew a pistol and fired three times at Lynch, two balls entering his left side just below the ribs, one passing clear through, the third ball entered the left lung coming out at the back, from which Lynch died on Sunday evening. Steelman, after assisting to remove Lynch into the house, after the shooting, made his escape. Lynch leaves a family. Both were represented as desperate characters.—*Statesville American.*

A GROSS IMPOSITION.—A short time since, D. J. Rich, Senator from Pitt county died in Raleigh.

It is not enough that once branch of the Legislature should take the unheard of action of making it a *special order* so that eulogies may be passed by his brother Legislators upon the character of the deceased, but the thing is carried even further.

The remains left the city of Raleigh, on Wednesday morning last under a Legislative escort of two from each House, for the late home of the deceased in *Vermont, and this at the expense of the State.*

Senator Rich may have been one of the most liberal and kindly disposed members of the carpet bag gentry, but this fact in no wise palliates the monstrous spectacle here witnessed—of a representative of North Carolina dying at the seat of government, and sent to New England for interment at the expense of the State!!—*Southerner.*

An "Employer of Woman" writes to the Chicago Evening *Post* that it takes about fifteen good female tpye-setters to do the work of twelve good men. Five women, he says, require as much overseeing as ten men. He cannot get extra female help he says, as he can male help—by sending to the nearest drinking saloon. Lastly, he complains that he cannot swear at the women. Female compositors, he insists, cannot compete with men at the same prices. Therefore, they should not bind themselves to Typographical Union terms.

DEATH OF A FEMALE PRINTER.—Mrs. Lydia R. Bailey died in this city on the 21st inst., in the 91st year of her age. She carried on the printing business in Philadelphia for over 30 years. Her husband, Robert Bailey, died in 1808, and she continued the printing until 1861. Previous to the introduction of steam-power presses, she had one of the largest offices in the city. Mrs. Bailey was elected "city printer" for a number of years by the old councils. Among those who served their apprentice ship with Mrs. Bailey were the late Robert P. King, the surviving partner, Mr. Alex Baird, and Mr. Fagan, the stereotyper.—*Philadelphia Ledger.*

FIRE.—A fire occupied in this city about 4 o'clock yesterday morning. A dwelling house belonging to Mr. Jas. A. Bradley, at the time unoccupied, on Chestnut Street, between Seventh and McRae, was entirely consumed. The fire was first discovered in an outhouse on the premises by the policemen in that quarter, who says he might have extinguished it if he could have obtained buckets in time. The fire was evidently the work of an incendiary. Loss about $1,300—no insurance.—*Wil. Journal.*

DEATHS FROM DRINKING POISONED LIQUOR.—*Chicago, February 25.*—At a ball given a few nights since in Fosterburg, near Alton, Illinois, five or six persons drank poisoned liquor. Two of them were young men, who were reported to have died this morning.

A. J. JONES.

If our readers will excuse us for referring to this individual, we will call attention to the proceedings of the Senate admitting him to his seat. The brazen effrontery and deception contained in his reply to the Committee in regard to giving aid and comfort to the "rebellion" surprises no one. His reply was, says Senator Sweet, "that he did not handle a musket or gun of any kind in the cause of the rebellion, cuss it and damn it." Mr. Jones' profanity will not serve to win him the respect of his fellow-Senators, or hide the cheap falsehood of his reply. A soldier himself, Senator Sweet knows that only Brave men voluntarily handled muskets and guns in the late war. Mr. Jones, however, was, as we are reliably informed, an agent of the Confederate States to purchase horses and mules for the use of the army, and acted as such for some time.—*Wil. Journal.*

GENERAL GRANT AND HIS MONEY.—The Washington *Star* of Friday gives the following:

In an interview with Henry C. Bowen of the New York *Independent* yesterday, Gen. Grant spoke decidedly in condemnation of the present administration of the New York Customhouse, and condemned the present bonded warehouse system. On mentioning the subject of his salary, which had been under discussion in Congress, General Grant said: "I shall live on what Congress gives me, spending of course every cent of it, and if more was given me I should spend it all. I have no desire, and do not expect to save anything from my salary, whatever it may be, for my kind friends have placed me in a position which relieves me of all anxiety about future want, or the wants of my children. We shall have enough to live upon, and it is better for them"—meaning his children, "that they do not rely too much upon money."

The following letter is published in the London *Times:*

"SIR.—It is well known that the abusive language of which the Infante Don Henry is so indiscriminately lavish has not for years been deemed worth an answer. But your Paris correspondent, in sending you the Infante's last letters, represents them as being a revenge for the humiliation put upon him by his French cousins. Allow me, sir, to deny that this Prince has ever suffered the least humiliation on our part. If he ever was a candidate for Queen Isabella's hand, he has not been excluded by the French Government. One thing in which we may have been mistaken is in having received Don Henry too well; indeed, more as a member of our own family than as a foreign Prince, when, his parents being expelled from Spain, he enjoyed with them in Paris the hospitality of the King, my father. I remain, sir, yours truly,

LOUIS D'ORLEANS.

Bushey Park, Teddington, February 5."

HON. ALEXANDER H. STEPHENS, in a letter addressed to a friend, dated the 19th, says:

"Your kind letter of last week was duly received, but it found me in almost helpless condition. I could neither move or be moved without the most excruciating pain. This was the result of an accident. I went to open a large gate, not noticing that it was barely standing against the posts, without hinges; and, on my giving it a pull to open it, it tumbled over, and carried me under it, straining the left ankle and seriously injuring the sciatic nerve of the left hip. I am now slowly recovering, and though not yet able to stand or walk, I can slip from the bed to a chair on rollers, and thus be moved about the room."

THE NEW ISSUE OF GREENBACKS.—A dispatch from Washington says:

The treasury plate printing office has nearly ready for printing a new emission of the fifty dollar greenback notes, to take the place of the present issues, which have been largely counterfeited. The hundred dollar notes will bear a likeness of Mr. Lincoln, with a vignette symbolical of reconstruction, and the fifty dollar notes will bear a likeness of Gen. Grant, with a vignette symbolical of the restoration of peace.

The New York Financial *Chronicle*, in a lengthy article on cotton, offers this sensible advice to the planters of the South: "It is of the greatest importance that as much wheat and corn and provisions be planted the past year. It is desirable that cotton should be the leading, but not the only production. A disregard of this idea was the error of the first year after the war, and short breadstuffs crops in Europe put up the prices of corn and wheat to figures which resulted in the fearful distress of the winter of 1867 '68."

It is stated at Washington that the Government has positive information of the presence of Gen. Heningsen in Cuba, at the head of a body of revolutionists.

NEW ADVERTISEMENTS.

SYNOPSIS OF STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,304 11
Income from Interest,	1,584,905 48
Total Income for the year,	8,746,209 59
Losses paid,	1 221,335 00
Dividends paid,	928,284 00
Total Losses paid to date,	8,089,883 00
Total Dividends paid to date,	2,197,2 8 00

It will be seen from the above that the INCOME FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are NOW over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME offers greater inducements to those insuring than any other Company in the country. In addition to the part-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate ANNUAL DIVIDENDS. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will insure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $154 Assets securely invested, for every $100 of its Liabilities.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use. In every country and section all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them; those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have, and can show, thousands upon thousands of certificates of remarkable cures of the following complaints, but such cures are known in every neighborhood, and why should we publish them? Adapted to all ages and conditions in all climates, containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness**, **Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, **Sick Headache**, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Palpitation of the Heart**, **Pain in the Side**, **Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a **Dinner Pill**, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus. There are numerous cases where a purgative is required, which we cannot enumerate here, but they suggest themselves to everybody, and where the virtues of this *Pill* are known, the public no longer doubt what to employ.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for confirmed consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that it is unnecessary to publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

NEW YORK, Nov. 3, 1868.

When the pure medicinal restorative, now so widely known as Wolfe's Schiedam Schnapps, was introduced into the world under the endorsement of four thousand leading members of the medical profession some 20 years ago, he proprietor was well aware that it could not wholly escape the penalty attached to all new and useful preparations. He, therefore, endeavored to invest it with strongest possible safeguard against counterfeiters, and to render all attempts to pirate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to ten thousand physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. Four thousand of the most eminent medical men in the Union promptly responded. Their opinions of the article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, as no reliance could be placed on the ordinary liquors of commerce, all of which were more or less adulterated, and therefore unfit for medical purposes. The peculiar excellence and strength of the oil of juniper, when formed one of the principal ingredients of the Schnapps, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and restorative.

Those satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the Schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a *fac simile* of the proprietor's autograph signature was attached to each label and cover, his name and that of the preparation were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country under the name of schnapps prior to the introduction of Wolfe's Schiedam Schnapps, in 1851; and the label was deposited, as his trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed by persons unacquainted with the daring character of the pirates who prey upon the reputation of honorable merchants by vending deleterious trash under their name, that the protections so carefully thrown around these schnapps would have precluded the introduction and sale of counterfeits. They seem, however, only to have stimulated the rapacity of impostors. The trade mark of the proprietor was been stolen; the indorsement when his Schiedam Aromatic Schnapps alone received from the medical profession has been claimed by mendacious hucksters; his labels and bottles have been imitated, his advertisements parsphrased, his circulars copied, and worse than all, dishonorable retailers, after disposing of the genuine contents of his bottles, have filled them up with common gin, the most deleterious of all liquors, and then inside his name and brand a cover for poison.

The public, the medical profession and the sick for whom the schiedam Aromatic Schnapps is prescribed as a remedy, are equally interested with the proprietor in the detection and suppression of these infamous practices. The genuine article, manufactured at the establishment of the undersigned, in schiedam, Holland, is distilled from a variety of the finest quality, and flavored with a peculiar character of the berry of the Italian juniper, of unrivaled purity. By a process unknown to the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the *Southern States* of the sale of cheap imitations of the Schiedam Aromatic schnapps in those markets; and travellers, who are in the habit of using it as an antidote to the baneful influence of unwholesome liver, state, justly that cheap gin, put up in Schiedam bottles, is frequently palmed upon them for the luxury. The agents of the undersigned have been requested to institute inquiries on the subject, and to forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In conclusion, the undersigned would say that he has produced, from under the hands of the most distinguished men of science in America, proofs unanswerable of the purity and medicinal excellence of the genuine Schiedam Aromatic schnapps; that he has expended many thousand dollars in surrounding it with guarantees and safeguards, which he designed should protect the public and himself against fraudulent imitations; that he has shown it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiment in all its forms; and from every ground the preparation which bears the name, seal and trademark, has come off triumphant. He therefore feels it a duty he owes to the fellow-citizens generally, to the medical profession and the sick, to denounce and to expose the charlatans who counterfeit these evidences of identity and he calls upon the press and the public to aid him in his efforts to remedy so great an evil.

The following letters and certificates from the leading physicians and chemists of this city will prove to the reader that all goods sold by the undersigned are all they are represented to be.

UDOLPHO WOLFE.

I feel bound to say, that I regard your Schnapps as being in every respect pre-eminently pure, and deserving of medical patronage. At all events, it is the purest possible article of Holland Gin, heretofore unobtainable, and, as such, may be safely prescribed by physicians.

DAVID L. MOTT, M. D.,
Pharmaceutical Chemist, New York.

26 PINE STREET, NEW YORK, Nov. 21, 1867.

UDOLPHO WOLFE, Esq., *Present:*

DEAR SIR:—I have made a chemical examination of a sample of your Schiedam schnapps, with the intent of determining if any foreign or injurious substance had been added to the simple distilled spirits.

The examination has resulted in the conclusion that the sample contained no poisonous or harmful admixture. I have been unable to discover any trace of the deleterious substances which are employed in the adulteration of liquors. I would not hesitate to use myself or to recommend to others, for medical purposes, the Schiedam Schnapps as an excellent and unobjectionable variety of Gin.

Very respectfully yours,
(Signed,) CHAS. A. SEELY,

EXECUTIVE COMMITTEE OF THE STATE AGRICULTURAL SOCIETY.

The President of the North Carolina Agricultural Society has appointed the following as members of the Executive Committee of the Society, viz:

A. B. Andrews, of Granville; M. A. Bledsoe, of Wake; John S. Dancy, of Edgecombe; T. M. Holt, of Alamance; W. D. Jones, of Wake; W. R. Miller, of Wake; R. H. Smith, of Halifax; W. A. Smith, of Johnston; W. H. S. Sweet, of Craven; R. S. Tucker, of Wake.

A bill is pending before the Assembly, which, if it goes into operation, will increase the number of the Committee to fifteen.

A meeting of the Committee called on Friday next the 9th of March, at 10 o'clock; A. M. in the office of the Secretary of State, he having courteously tendered the same for the purpose. Business of importance will be transacted.

It is a melancholy fact, that in Raleigh, the Capital of the State, there is a lack of taste for lectures and readings of a high literary standard, while light, trashy exhibitions are eagerly sought and apparently enjoyed by all classes, high and low, learned and unlearned. It is a matter of regret, that truth compels us thus to speak of our City. To say otherwise, after the slim reception given the Rev. Mr. Hiden, would be doing violence to our better knowledge. If such a lecture as the COSMOPOLITAN BUB failed to fill Tucker Hall with an audience, we have no idea that there is a literary character living, who can. Witty, sarcastic, insinuating—yet chaste—and then eloquent, both in word and gesture, we sat, admiring the genius of the orator, whose powers controlled the muscles in our face, and challenged, at will, our highest admiration.

We are again enjoying Spring-like weather. The few days past, of extreme cold, we doubt not, have greatly retarded vegetation.

"J. T. HARRIS, of North Carolina," is in Washington City, stopping at the National. Is he one of the hands of the House, from Franklin?

We learn from the *National Intelligencer* that the Southern Representatives had a conference on Thursday, all the States being represented. The affairs of the South were generally discussed, and it was decided to draw up a document to present to General Grant, setting forth the condition of things, and also suggesting that the South have a member of the Cabinet. No particular man was fixed upon as proper to represent the South in the Cabinet, but it is understood that if General Grant should accede to their wishes, and request a Committee to name a man, Horace Maynard will probably be presented.

THE VOTE.—By last night's mail we received from our prized correspondent, "Occasional," a letter which, for want of space, we are unable to publish, and can only state the figures.

SUPREME COURT.—The following opinions have been delivered:

BY PEARSON, Ch. J.—In State *vs.* Bell and Wagoner, from Cabarrus, judgment affirmed.

BY READE, J.—In V. A. McBee, *ex parte*, from Gaston. 1st section sustained. 2nd and 3d exceptions overruled. Cost to be paid out of the fund.

SOMETHING WRONG.—There is something the matter, either with the mails or with our exchanges. On the part of some of the latter there is a chronic failure to come to time. But one or two copies of the Raleigh *Sentinel* have reached us for a week past, and as that is one of the most valued of our exchanges, we feel the deprivation most sensibly. The *Standard* manages to reach us safely, and in due time, and we cannot conceive why the *Sentinel* should not do so too. Will our friend Turner explain?—*Asheville News.*

The only explanation we have to make is, the *Sentinel* is regularly mailed to the *News*, by our mailing Clerk, who is an efficient man—prompt and careful. Our friends, the Mail Agents and Postmasters, must explain farther.

IMMIGRATION.

Mr. Editor:—No portion of the Southern States possesses so many attractions for the immigrant as North Carolina. Blessed with a climate of Italian beauty, and of remarkable healthfulness; possessed of a varied and fertile soil, and supplied with an abundance of wholesome food at low prices, the seekers after new homes for themselves and their posterity will find in it a "promised land" equaling their most sanguine expectations. The temperature of spring and autumn is moderate, and that of summer is not excessive, the heat, at midday, rarely going beyond 90 deg. Nowhere else is the temperature so equable as here. Land is cheap, and can be obtained in quantities to suit almost any means, and there is scarcely any owner who is not willing to sell off a portion of his land. The price asked for unimproved timber land ranges from 50 cents to $3 per acre, and sometimes even less.—Improved farms, of course, command higher figures, but the best of them can, at this time, be bought at from $5 to $15 per acre. The soil is of three kinds, the sandy, gravelly and grey land; either, well cultivated, produces the best of crops. The principal products of this State has been cotton, tobacco, corn, oats and potatoes, but all the grains, grasses, vegetables, fruits, &c., &c., raised in middle and northern States, can be grown here equally as well, if not better. The season for cultivating the land here being from 8 to 10 months, whereas at the North it is only from 4 to 5. The lands have all the advantages of mild climate, short winters, and stock requiring but little or no feeding. The country is well timbered with oak, hickory, cypress, juniper and fine pineries, which furnish a large quantity of excellent building material.—The mineral resources of the State are equal, if not superior to any other State in the Union, and as for water-power, it is unsurpassed by any in the world.

The time has come when if the rich lands of this State are to be cultivated at all profitably, it must be with labor-saving implements. To what extent this can be done by the aid of the negro, now that he is free and beyond control, remains to be tried.—Unfortunately there are few among us now able to procure costly machines or implements. But neighbors might put their now limited means together, and do that which, singly, they could not do. And when this can not be effected, and the common plow must be resorted to, that should, by all means, be of cast steel. And so of every other tool or implement used. A great change, and for the better, has been effected, of late years, in the materials of which implements, and machines for farm work are composed. Iron and steel are used instead of wood, thus securing greater strength, durability, and even lightness, and ease in handling. The fact is, if we are ever to redeem this *good old State*, with its inexhaustible and illimitable resources and means of wealth, it must be by inducing white men, with capital and skill, to come among us, and by adopting the improved implements and machines of the day now being used at the North, for the better and cheaper cultivation of our lands.

I know of no State that offers superior advantages to the immigrant, the population are an intelligent and law abiding people among whom *life and property are secure*, and who are determined to overcome the difficulties produced by the change in the system of labor heretofore carried upon; the behavior of the freedmen is good; they have worked better than was anticipated, their numbers have decreased since emancipation, and they do not perform nearly the amount of labor that they did formerly.

I see there has been incorporated by the present General Assembly a Company called The North Carolina Land Company, offices located at Raleigh, N. C., New York City, for the purpose of inducing immigration to the State and for the sale of all kinds of lands, farms, mineral deposits, water powers, &c., &c. The furnishing of agricultural impliements, machinery, and all articles connected with the development of our State.

It must be apparent to any reflecting mind that this will be an invaluable institution not only for the Southern man but also for the Northern man, both will alike be benefited. The officers I observe consist of some of the leading men, both North and South.

I can only add my best wishes for the advancement and prosperity of our noble old State.

IRENIUS.

NEWBERN, Feb. 22, 1867.

BURGLARY.—Early yesterday morning an attempt at burglary was made on the leather room at the store of Messrs. G. R. French & Son, on Front Street. The would be burglar attempted to enter at a door to the room formerly opening from a lot now a portion of the premises of the Fulton House. This he found too fast and only succeeded in breaking a part of the fastening. He then tried to rip up the steps to the piazza above, beneath which the room is located, but in doing so was heard by some one on the premises. The alarm was given and the policeman on the beat came and arrested him. He gave his name as James Southmead (colored,) and was examined before the Special Court yesterday morning, the result of which is elsewhere given. —*Wilmington Journal.*

A sharper from the country came to town a few days ago and called on a *young* man in the meat business on Middle Street, with what he claimed to be a black mink skin, for which he asked three dollars. The butcher readily paid the cash, and took the skin which turned out to be that of a good sized black cat. After finding that he had been sold, he gave it to a man to sell—promising to give him all over three dollars he could get for it. Soon he returned with the cash, having disposed of the cat skin to a man on Broad Street, who now thinks the whole affair a *Baer* faced swindle.—*Newbern Times.*

SHOOTING.—A difficulty occurred on last Saturday morning, in front of Grangers Hotel, between two parties said to be from Raleigh, named Maj. McClaire and H. B. Walton, which ended in McClaire shooting at Walton, the ball, missing its intended victim, struck one of the posts of the Hotel porch. There seems to be a family mystery at the bottom of the difficulty, which for the present we withhold from print.—The parties were bound over to appear before the Mayor, and when the trial takes place, we shall probably learn the true side of the matter.—*Goldsboro' Messenger.*

SAD DEATH OF A FORMER UNITED STATES SENATOR.—The Hon. Walter Brooke, of Mississippi, who occupied a seat in the United States Senate in 1853-8, made vacant by the resignation of Hon. H. S. Foote, died on Saturday last from strangulation caused by the induction of an oyster into his wind pipe. Mr. Brooke was an able lawyer, and was highly esteemed by his friends and associates on account of his noble nature and rare social qualities. He was a native of Maryland.

ARRESTED.—Messrs. Henry Messer and Acton McCracken, two worthy citizens of Haywood county, were arrested by the Revenue authorities, a day or two ago, and brought hither, on conviction of evading the Revenue laws.—*Asheville News.*

CELEBRATION OF THE TWENTY-SECOND OF FEBRUARY, BY THE WASHINGTON SOCIETY, UNIVERSITY OF VIRGINIA.

Mr. Editor:—On yesterday, or rather last night, the Washington Society turned out *en masse* to celebrate the birthday of the "Father of our country." The Committee deserves great praise in their untiring efforts to have everything arranged in the neatest possible manner, and their taste was well displayed in the brass band that was present on the occasion. Collegiate exercises were not suspended during the day, as everything of importance was to come off at night, and so impatient were some of us for it, that we concluded that the chariot wheels of the sun had been broken, or one of his swiftest steeds had been maimed.—But when night came, she did not find the students unprepared, for most of them took the precaution to "dyke" during the day. On account of the inclemency of the weather, neither Luna nor any of the lesser lights, made their appearance on the occasion, for, doubtless she was unwilling to expose herself to the chilling blast of a winter's rain. But though devoid of heavenly light, the Committee were not backward in offering a substitute, for soon a number of paper lanterns were suspended in the air, and their dazzling light more than compensated for Luna's absence. Ere long, with quickened footsteps, I wended my way to the public Hall, which was founded by Jefferson, who once stood as one of the brightest ornaments that decked the galaxy of the political heavens. As I neared, the sound of gayety fell upon my ear, and merry shouts mingled in the breeze. The occasion seemed to gladden and exhilirate every heart.—Fair-eyed maidens were present in great numbers, and, it is useless to say, finely dressed, and I only regretted that my non-acquaintance prevented my enjoying their company.

The students, also, had on their *best*, and after a short time I found *myself* on a "dyke." As I entered, my mind was agitated by a thousand fancies. I thought I could, as with a telescopic eye, peer through the veil that separates the present from the past, and discern the venerable form of Jefferson, smiling benignantly at the honor which the far famed Institution had won from the hands of his beloved fellow-countrymen. He was pictured in my imagination, as he was seen in reality in years that have past, by his countrymen. Soon from the orchestra, swelling tons re-echoed through the time-honored walls, and each undulation of the atmosphere seemed to wait to our ears sweeter and sweeter strains of melody; and as the last sound died away in the distance, a smile of regret was plainly perceptible upon the ruby lips and ruddy cheeks of the fairest maidens that thronged the assembly. But not less agreeable were the *tones* of the annual orator of the Washington Society, while his emotions and gesticulations betrayed, even to the most inattentive of his auditors, that he had the interest and reputation of his well-beloved society at heart, and well did he preserve it. No doubt, too, the departed shade of Washington, flitted invisibly just above him, and hovered in anxiety to catch the eulogy that was being pronounced upon his name. The exercises having been concluded, we wended our way to our respective abodes, not, however, without thinking of the good old times that we *once have had* at the "Commencements" of the *University* of North Carolina, but which we cannot hope to see again under the present auspices.

Respectfully,

A. G. C.

CONCORD, March 1, 1869.

Editor of the Sentinel:

DEAR SIR—The decision of the Supreme Court on the Stay Law, as unconstitutional, is news only to the illiterate portion of this commonwealth, but the wise legislation of that august body, known as the Legislature, (if wise it may be called) is beyond precedent to any people known. What right have the Legislature to legislate upon private contracts between individuals? None! If men are not able to pay their just debts the Congress of the United States have provided the law of bankrupicy for such, and they can avail themselves of it. Many debtors argue that the banking currency of the country depreciated in value by which they have suffered severe losses. How many, who owes debts contracted before the war, ever lost ten dollars by the depreciation of the bank currency? I can answer not one. If they had any bank currency before it was depreciated in value, if they were honest men they would have paid it over to their creditors and shown some disposition to do what was right.

How many men in this State whose very all they possess, and whose existence with their family's is the result of borrowed capital, borrowed from widows' and orphans' estate. And the Legislature, instead of passing laws to protect the innocent and make men perform their contracts in good faith, they are striving to pass laws to lead men from the paths of justice, right and equality, and will cause the brand of dishonor to be worn on many a brow. More anon.

CHARLES' LONDON CORDIAL GIN,
Or Pure Liquor of Juniper Berries,

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which render it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to, and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled, as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

Office of the Company, at present, at the store of W. H. Jones & Co., Raleigh, N. C., where the officers may be found.

This Company is now ready to receive applications for insurance, on the mutual plan, and to issue policies. This scheme is fully explained in a circular addressed to the people of North Carolina, to which special attention is called. It can be had by addressing the Secretary, or from our Agents. It is believed that our mutual plan offers inducements to the people at large, not equaled by other Companies.

The Company has issued a Prospectus to raise a Capital Stock to enable it to take Life risks on the Stock plan. When this is done, the Company will offer a very superior scheme of Life Insurance on this plan.

We want Agents in every city, town and village in the State. The Company will be managed with the strictest economy and efficiency, for the benefit of the insured and all interested.

We must build up our home institutions and, as far as possible, keep our money at home to promote home enterprise, home industry and prosperity.

LIFE INSURANCE.

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA,
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,

$1,000,000,

PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes. Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent.) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from other and rival Companies. By means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurance and other journals, to try and check the rapid progress of the National, an unscrupulous motion was made in Congress to repeal its charter, all of which but accelerated its speed for since then the largest policies issued has been to members of Congress, whose attention has been thus attracted to its unsurpassed advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

Reliable and wide awake Agents who will give the agency their energetic attention, are wanted, to whom the most liberal commissions will be paid. Apply at once to

We pass the State near Seven Hundred Thousand Dollars for her Interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

NEW METHOD OF WASHING CLOTHES

WITHOUT LABOR.

THE AUTOMATIC

CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. It can be used on any Stove or Range, in any boiler, and its LOW PRICE of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot suds and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all articles, from the finest laces to the bed-blanket. For Flannels it is invaluable, as it does not full them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred gallons of boiling suds are forced through the fabric, thoroughly loosening and eradicating the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, and the great saving in the wear of clothes.

The great value of this invention appears so clear, and appeals so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

No invention has met with such ready sale and given such satisfaction. Call at LOUGEE & BROTHER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.

COME TO

A. CREECH'S!

For Ladies' Goods! For Gentlemen's Goods! For Misses' Goods! For Boys' Goods! Ditto for Children!

MY STOCK IS LARGE AND VERY COMplete. Allow me to say that you see some very strange advertisements. Some say they bought goods before the rise—some after the decline—some just in time—some in luck again—some buy goods cheaper than anybody else—some selling goods at unprecedentedly low prices—some controling the trade &c., &c., and all such stuff. What a lucky set of individuals!

Now just let ME tell you, that there is more humbug than poetry in all this. Don't every man, woman and child know that it is humbug—large enough to be seen even with one eye shut? so let them talk, puff and blow, but stop, LOOK OUT! HANDS OFF! and show your good judgment by

COMING TO CREECH'S

to buy your goods. I intend to run through this campaign with my motto, to give each and every individual value received for their support!

A fine opportunity for the ladies to exercise their inalienable rights, as well as the gentlemen. Don't stop until you COME TO CREECH'S. You will find me at R. Smith's corner, attending to my business, always ready to give you the worth of your money.
